Proposed Amendments to PCMC Constitution & By-Laws Regarding Membership Applications and Dues

The PCMC Board submits the following proposed amendments to the PCMC Constitution & By-Laws for approval, by vote, to the PCMC membership. The proposed amendments would modify the constitutional and by-law wording in regard to PCMC's Membership offers, durations, and renewal schedules.

The proposed amendment recommends two significant changes:

1. Annual Membership

Annual memberships would start at the time of membership applicant approval, or upon receipt of renewal payment by an existing member. Current member expiration date would be time for the next renewal.

- a. Change: Membership would end on the anniversary of the established date (1,2, or 3 years)
- b. Benefit(s): Easier to track membership status, members get a full year for spend
- c. Potential Cons: Higher activity for membership coordinator on renewals

2. Multi-year Membership Options

PCMC would offer up to 3 years of membership with a cost benefit to the member by selecting a multi-year option. Initial pricing would be set as follows: 1-Year = \$30, 2-Year = \$50, 3-Year = \$70.

- a. Change: Addition of Two- and Three-Year multi-year options
- b. Benefit(s): Higher active club membership, less volume of renewals, longer term membership
- c. Potential Cons: Additional membership types to track, less member income.

The PCMC Board has discussed and supports the changes as the new Wix platform we implemented last year to manage new member applications, track and process membership renewals, and provide centralized communication provides us with a better mechanism in which to solve for the challenges of outstanding renewals, the volume of members that must be contacted at renewal time, and pro-ration of new memberships. In addition, the proposed amendments introduce a new multi-year option which members have shown an interest in in accordance with other organizations like Mustang Club of America that also offer multi-year membership/renewal options.

**Please review the proposed amendments on the next page.
The proposed amendment will be voted on at the June 6th
club meeting. In order to be approved and adopted, the
amendment will need approval of two-thirds majority vote
of the members present at the meeting.**

Proposed Constitutional Amendment:

CURRENT CONSTITUTION WORDING:

ARTICLE II MEMBERSHIP, APPLICATION, DUES, AND TERMINATION

Section 3 DUES

A. The Executive Board shall recommend the amount for annual dues for the next year at the May monthly business meeting. The amount shall be approved by a two-thirds majority vote of members present at the May monthly business meeting.

- 1. Dues shall be payable on or before the October monthly business meeting.*
- 2. Dues shall be pro-rated as determined by the Executive Board for new members only.*
- 3. The Treasurer shall determine the method of payment of dues with approval of the Executive Board.*

PROPOSED CONSTITUTION WORDING:

ARTICLE II MEMBERSHIP, APPLICATION, DUES, AND TERMINATION

Section 3 DUES

A. Annual membership terms shall start on the date in which the new member's annual dues payment is received, their application is approved by the Executive Board, and the Membership Chair has notified the new member of their membership approval.

- 1. Club members whose membership has lapsed for non-payment of dues will have a new renewal date coinciding with their payment of dues.*

B. The Executive Board will offer multi-year membership options for annual dues consisting of 1-year, 2-year, and 3-year options with a cost benefit to members who select multi-year options.

- 1. The Executive Board shall recommend changes to the amount for annual dues as needed, but no more than once per year at the January business meeting. The amount shall be presented to the membership and approved by a two-thirds majority vote of members present at the January monthly business meeting.*
- 2. Approval of new annual dues amounts will take effect immediately for prospective members, or at the time of renewal for current club members.*
- 3. The Treasurer shall determine the method of payment of dues with approval of the Executive Board.*

Proposed By-law Amendment:

CURRENT BY-LAWS WORDING:

ARTICLE II MEMBERSHIP, DUES

Section 3 DUES

A. Dues shall be payable on or before the October business meeting.

B. Dues shall be pro-rated for new members as determined by the executive board.

PROPOSED BY-LAWS WORDING:

ARTICLE II MEMBERSHIP, DUES

Section 3 DUES

A. Dues shall be payable on or before the expiration date of a club member's current membership plan.

B. Dues shall consist of multi-year renewal options including 1-Year, 2-Year, and 3-Year options.

Our Visit With the Mustang Club of Italy

Article & Photos by John Chudy & Lisa Zanetti

For most of the month of April, Lisa and I vacationed in Northern Italy. Our travels took us from Venice to the Dolomites (the Italian Alps), to Cinque Terre, to Florence, Siena and Rome. Once we planned the trip, I was curious to know if there is a Mustang Club of Italy, and sure enough, there is! I made contact through their website (www.MustangClubOfItaly.it). It was then I checked our schedule, and by making a small detour between Cinque Terre and Florence, to a small town named “Verano de’ Melegari” we could meet them for a celebratory dinner, track day and car show!

On April 12 we arrived in town early and went to a tour of the Dellara race car facility (<https://www.dallara.it/>). In the evening, we went to the restaurant, Hosteria e Bistrot Bertinelli, (<https://www.bertinelli.it/>) and met a large crowd of Mustang enthusiasts from around Europe! There were folks from the Mustang Club of Croatia, the Mustang Club of Milan, Mustang Club of Slovenia, and others from around the region.

I must admit I was uncertain when we arranged this meet up. As if being strangers, and with the language barrier, it might be a little awkward, but no, we were welcomed with wide smiles and open arms, as minor celebrities who had come all the way from the states to meet them! We exchanged stories and swag, stickers and pins and T-shirts. We sat with the Club president and several others who spoke English very well. We talked about the cars and things that are making their Club a success and keeping it relevant. We enjoyed a wonderful dinner at a fancy restaurant which is adjacent to a parmesan cheese factory. We laughed so hard and drank wine and it was an amazingly fun evening.

The next day, we went down to the Autodrome Riccardo Paletti, where the cars were already out on the track, and all parked in rows in the parking lot. There was a slight drizzling rain and the skies were cloudy. They had a nice little paddock area. They’d come on and off the track in groups and it was cool to see the Mustangs racing down the straights! They had a large area of open pavement, with two big sprinklers going to water it all down. The guys were going out there and drifting and spinning the tires and splashing and skidding all over the place! It looked like a blast! Lunch was in a cafeteria there at the Track, and again, we enjoyed great conversation and made connections with several folks with whom we can now correspond.

We came away with a fantastic experience and a bunch of fresh ideas for our Club that I will share with the PCMC Board. Cheers! Salute’!

PCMC Carpet & Upholstery Tech Session Recap

Article by Gary Dagan

Photos by Tiffany Dagan

This tech session had two separate parts: 1. Install a carpet on a 1969 coupe, and 2. recovering 1968 seat covers. As with all previous tech sessions, we met in the Knight's garage on Saturday, April 12. As usual, we had our obligatory donuts and coffee for starters.

The plan was for the carpet installation to go first, followed by a lunch break, and installing the seat covers after lunch. However, the carpet install had to be delayed so that under carpet speaker wires could be relocated. So the seat covers took precedence.

The seat backs were separated from the seat bottoms and old covers had already been removed. The new covers were warmed up in a different room to make the vinyl more pliable. The challenge to installing the covers is getting the hog rings to grab through the wire stays in the covers then the seat foam on to the wires on the seat frame.

While this was taking place, the speaker wires had been relocated, and we started on the carpet installation, concurrently. The challenge here, is to locate the exact cutouts for the gear selector opening and the floor dimmer switch on the front carpet, and the cutouts for the seat belt bolts on the rear carpet. Also, the holes for the seat rack mounting bolts had to be located. One trick to the cutouts is to use a hot soldering iron to do the cutting instead of a knife. This prevents the edges from unraveling.

We accomplished the objectives of the tech session, albeit without the scheduled lunch break. Thank you Dick for hosting the session, and all those who attended and helped out.

PCMC National Mustang Day Cruise to Drager's Clubhouse Recap

By Tiffany Dagan

On Sunday, April 13th, PCMC celebrated the 61st Anniversary of the Mustang with a cruise to Drager's Clubhouse in Burlington. A long line of about 15 Mustangs started the trek from Cedar River Park, heading toward the Smokey Point Rest Area to meet our northern neighbors. We ran into some traffic heading north as the Skagit Valley Tulip Festival was also in full swing, but overall there were no issues keeping most of us together.

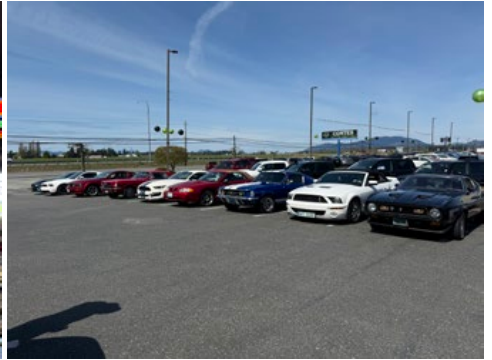

We arrived at Drager's to a great spread of pastries, cookies, coffee and more supplied by Jerry Drager. Everywhere you looked in the clubhouse, there were cool cars, signs, and other memorabilia to look at. Upstairs were several motorcycles and trinkets from Jerry's family history with motorcycles. After we all finished wandering around the clubhouse, Jerry got up on stage (yes, the clubhouse has a stage) and told us a little bit about his family's rich history with cars, motorcycles, and dealerships, and how his clubhouse has evolved over the years. He thanked us for coming to visit and we thanked him for his generous hospitality and sharing his clubhouse with us. Overall, it was an excellent way to celebrate Mustang Day. Thanks to Margaret and the Tours & Events team for coordinating the trip!

PICC Luncheon for Drug-Exposed Infants Recap

By Tiffany Dagan

On Thursday, May 15th, ten PCMC members attended the Pediatric Interim Care Center Luncheon for Drug-Exposed Infants at ShoWare Center. PICC offered us a Table Sponsorship for the luncheon in recognition of our support and donations over the last year.

This year's keynote speaker was Brock Huard, former Husky and Seahawk quarterback. We enjoyed listening to his speech about bringing the "extraordinary out of the ordinary" and chronicling his and his family's history in college and pro football.

Unfortunately, due to some recent changes in Washington family law, it's become harder than ever to help care for infants who are born drug-exposed. In addition, cuts in state funding have drastically reduced the amount of funding PICC will receive this year. While they have enough money to operate through the end of the year, and are hoping for some additional funds with the state's supplemental budget, the future of PICC remains uncertain.

After the speeches, the charity auction commenced, with several sports-related items including Seahawks tickets, Mariners tickets, and memorabilia including some Seahawks and Huskies jerseys signed by Brock Huard, a commemorative football helmet signed by Hall of Famer Walter Peyton, and more. The auction concluded with a raffle for a Holland America Cruise. I'm sorry to say no PCMC members were the lucky winner of that prize.

Thank you to the PCMC members that attended the luncheon, and to all PCMC Members for being generous supporters of PICC over the years.

PCMC Spontaneous Cruises Are A Hit

Article & Photos by March Frillici and Tiffany Dagan

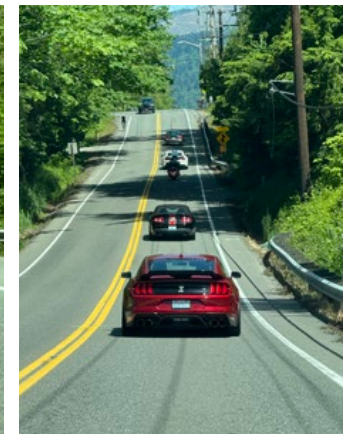

It's no secret that if you own a nice car in Washington, it can be difficult to find enough good weather days to go cruising. Sometimes you've gotta just hop in the car and go while the sun is shining. Enter the Spontaneous Cruise.

On Friday, April 18, our first Spontaneous Cruise was posted on our new website, PacificCascadeMustangClub.com. Marsh and Judy Frillici, Stan Vanderford, Jim Vincent, and Gary Hallberg cruised the beautiful, sunny backroads to Enumclaw for lunch and car talk at the Mint Cafe on Cole Street. The road was windy, trees on most of the road sides, and our view of Mt. Rainier was a wonderful sight.

A few weeks later, Marsh posted another Spontaneous Cruise. This time, 10 club members spent a sunny Saturday "canyon carving" along the backroads of Hobart, Tiger Mountain, and ending at the Gas Lamp Bar & Grill in Issaquah where we enjoyed a lovely lunch while sitting outside and taking in the beautiful views of the mountains. After lunch, some club members continued on to Boehm's Candies to satisfy their sweet tooth before heading home.

The beauty of the Spontaneous Cruise is that ANY PCMC MEMBER can post one! Just log into our website, click on Groups, then select the "Spontaneous Cruise" category. Click on "Create A Post" and add your cruise title/destination, meet up time, leaving time, and ending destination. If you already have a route, include it in the post as well so folks can print it or follow along. Then click "post" and voila! you've completed your Spontaneous Cruise post. Now, you have taken responsibility to be the cruise lead.

If you'd like to get notifications about future Spontaneous Cruises, make sure you click "Follow" on the Spontaneous Cruise category in Groups. Anytime someone posts a new cruise, you will receive a notification. Hope to see you at a Spontaneous Cruise soon!

Annual Reminder When Registering for Car Shows

This is your friendly annual reminder when registering for car shows to always write out "Pacific Cascade Mustang Club" when asked for your club affiliation or "home club" on the show registration form.

Why do we remind you every year? First, because there is another "PCMC" club in our region (Pierce County Mustang Club). Second, many shows feature a club participation award for the club with the most members/cars in attendance. So if we all write down "PCMC", then no one knows which club you belong to!

Little Trees Are Way Older Than You Think

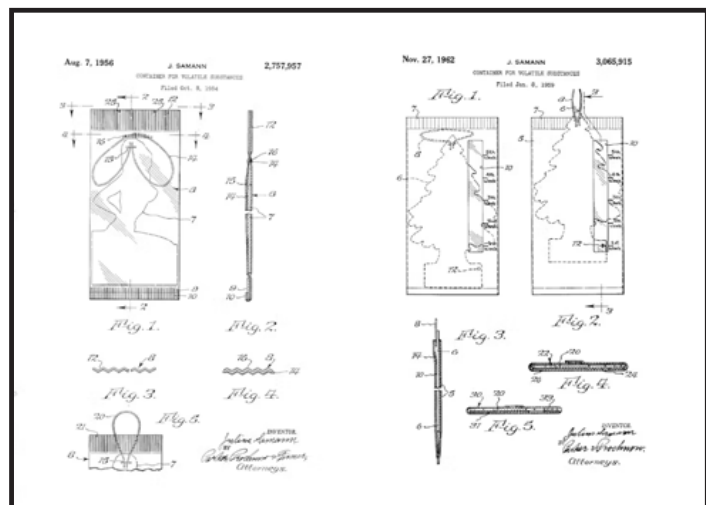

By Chris Stark, Hagerty Media

Article Link: <https://www.hagerty.com/media/automobilia/little-trees-are-way-older-than-you-think/>

"I got the trees on my mirror so my car won't smell," rapped Michael "Mike D" Diamond on the 1980s Beastie Boys cut "Slow Ride." I don't know why this line stuck out to me as a teenager, but as the 808 kick drums rattled the speakers in my 1994 Mazda Miata, I decided I needed to shell out a couple of bucks for a three pack of Black Ice Little Trees to hang on my rearview. If it was cool enough for the Beastie Boys, it was cool enough for me.

Mike D got the basic concept but might not have been aware of the science behind the ubiquitous Little Tree. It's born from the work of Julius Sämann, a German-Jewish chemist who fled the Nazis and had studied the aromatic oils in Canada's pine forests.

In 1952, some 30 years a milkman in Watertown, New York, complained to Sämann about the spilt-milk smell in his truck. Two years later, Sämann filed a patent for blotter paper infused with "odor-destroying, air-perfuming substances." In the patent drawing, the air freshener took the shape of a buxom pin-up, but he ultimately landed on the familiar tree design. With the post-war boom in car ownership and Americans' love of puffing Pall Malls (more than half of the U.S. adult population smoked in the mid-1950s), Sämann's pines took off. The company is still family-owned today, and has expanded upon the original Royal Pine sent with 25 more fragrances, like Black Ice, New Car Scent, and Vanillaroma.

While that sounds like a lot smells to permeate your automobile, it's only a fraction of the fragrances that have been available over the years, as Little Trees is constantly updating its lineup.

According to the company's website, "To continue releasing new and exciting fragrances year after year, we unfortunately have to say goodbye to some that may not be as popular as they once were." For lovers of less popular trees, like Heat, Dew Kiss, and Bouquet, this statement is less than encouraging. Kevin Fielding, a reader from Utah, writes that the discontinuation of Bouquet is "one of the greatest travesties ever cast upon car culture." When he heard the bad news after contacting Little Trees, he bought one of the final remaining boxes of Bouquet Little Trees available on the internet.

It's a good thing Fielding stocked up when he did. Automobilia collectors get into bidding wars over rare and discontinued Little Trees, and the going rate today for a single Bouquet freshener on eBay is about \$40. Like with many aspects of the automotive landscape these days, fans of the diminutive pines show off their collections on online spaces like Reddit, TikTok, and YouTube. You might question the point of stashing vintage air fresheners, as it'd be reasonable to assume that fragrance would dissipate over time. But someone in the subreddit r/LittleTrees claims that new-old-stock fresheners from the 1980s still retain some smell when released from their cellophane wrappers.

Also unmentioned in that Beastie Boys song: the cellophane wrapper the Little Trees come in is not supposed to be immediately tossed in the garbage. According to the patent, the air freshener is supposed to be removed incrementally from the cellophane because "If the extent of withdrawal of the porous device from the pouch were left entirely to the judgment of the user, he might waste much of the volatile substance by excessive withdrawal of the member from the pouch, and the resulting strong odor might be displeasing to him." No wonder my Miata reeked of Black Ice.

About Pacific Cascade Mustang Club

Based in Kent, Washington, Pacific Cascade Mustang Club is the only original Mustang club in the Puget Sound area, and the oldest Mustang club in the nation. We are a group of Mustang and Ford enthusiasts who are dedicated to the enjoyment and preservation of Mustangs young, old and in between.

Membership Meetings

Meetings are held the first Friday of every month at 7:00pm at Bowen Scarff Ford in Kent (1157 Central Avenue North).

Community Support

Pacific Cascade Mustang Club has donated tens of thousands of dollars over the years to support local charities through our activities, events and annual car show. We have supported Pediatric Interim Care Center in Kent, Northwest Harvest, Kent Firefighters Toys for Joy Drive, Juvenile Diabetes Research Foundation and the Cystic Fibrosis Foundation, among others.

Annual Car Show

PCMC and Bowen Scarff Ford in Kent host our annual All Ford Show and Mustang Roundup in August. The show is open to all Ford, Lincoln and Mercury-powered vehicles.

Tours and Events

PCMC takes part in numerous events including garage tours, recreational outings, car show caravans, tech sessions and a monthly dinner night out. Dinner night out takes place on the 13th of every month. If the 13th falls on a weekend, we try to organize a local trip or tour for the day.

Tech Sessions

The club hosts various tech sessions for members to learn more about restoring, repairing and maintaining their Mustangs. Tech sessions are typically held on an as-needed basis and have included topics like cleaning and detailing, front-end suspension, electrical, wiring, brakes and differentials.

Membership Requirements

- Attend 2 functions, one of which must be a membership meeting.
- Be a currently licensed driver with valid insurance.
- Own, drive, or be an enthusiast of Mustangs or Ford-powered vehicles and have a desire to enjoy companionship with other Mustang and Ford enthusiasts.
- Pay dues of \$30 per household per year.

If you are interested in joining Pacific Cascade Mustang Club, please contact us at website.pcmc@gmail.com.
