Headworks Brewery Lunch

By PCMC Vice President Jim Vincent

Our cruise from Pacific Raceways to Enumclaw started with wipers on and no views of Mt. Rainier but ominous clouds hovering over the mountains gave it a special effect. Gary and Linda braved it by driving their Boss 302 through the rain.

Gary, Linda, Gary D, Malinda and I met up at Headworks Brewery where we also were joined by Del and Pam. We enjoyed our lunch from Burger Buds and the chance to socialize. We laughed so hard at Gary Dagan's jokes. Looking forward to the next cruise for the "social club with a Mustang problem!" We had so much fun we were there for over two hours!

Member Shoutout!

PCMC would like to give a special shoutout to one of our members, Sonja Korum-Campbell! Sonja has written her first children's book, titled *Freddy the Seagull*, and it is releasing in October!

Freddy the Seagull is based on Sonja's own childhood adventures and is for any child facing a big change, and for the grown-ups who love them.

HUGE CONGRATS to Sonja on such a great accomplishment! Interested in ordering the book? Make sure you talk to Sonja!

Ponies in the Sun

By Tiffany Remmel, Photos by Tiffany Remmel & Fritz Brendemihl

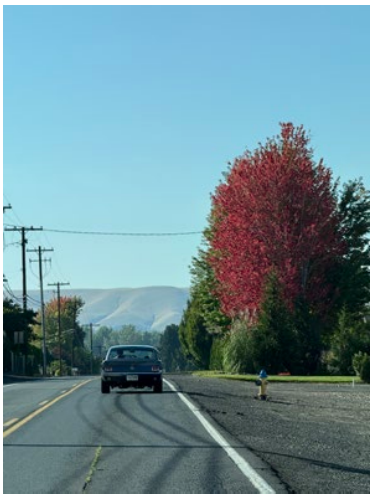

Yet another fun Ponies in the Sun this year! This time around, we enjoyed beautiful, sunny weather the WHOLE time! Friday afternoon Brian and I met Jim, Betty Ann, and Marianne to caravan over 410. We timed our drive perfectly, pulling into our hotel just as Fritz and Laura arrived! That night we headed to El Mirador for some Mexican food and then Dairy Queen for some Blizzards...yum!

Saturday we went to Mel's Diner for breakfast, then met everyone at Sarg Hubbard Park for the Pony Trails. We had about 50 cars for the cruise and poker run. That night we headed to Major's for the cruise-in, and Brian took home the Best of Show award! Then we went back to the hotel for dinner and some sleep.

Sunday's show was sunny and warm, and there were nearly 200 cars in attendance. Several club members took home awards and we enjoyed hanging out, listening to the Seahawks game, and soaking up the sunshine. The drive back over 410 was equally nice, with gorgeous views of Mt. Rainier! We hope you'll join us next year!

Shoutout to all the PCMC members who brought their cars and food donations to the Fill the Van for Maple Valley Food Bank! Afterwards some of us went to BBQ Pete's for lunch where Tiffany showed off her ice cream cone-making skills!

Ponies in the Park *Photos by Tiffany Remmel & Anita Lee*

We lucked out with some beautiful end of car show season weather for Ponies in the Park in Olympia. Six of us met early at Costco to caravan down to the show, and we enjoyed some sunny and warm fall weather while hanging out with several people that we only get to see during car show season.

Ford Says the Manual Mustang Stays, but Won't Promise the V8

By Leroy Marion, Autoblog.com. Link: https://www.autoblog.com/news/ford-says-the-manual-mustang-stays-but-wont-promise-the-v8

Last Muscle Car Standing

The Ford Mustang continues to dominate a shrinking segment. With the Chevrolet Camaro discontinued and the Dodge Challenger transitioning to electrification, Ford's flagship vehicle recently outsold every rival in the sports car category. It currently stands alone as the last relatively affordable, rear-wheel-drive performance coupe offering a traditional internal combustion experience straight from the factory floor.

However, regulatory pressures threaten this classic American formula. While the current seventh-generation S650 model proudly retains its internal combustion roots, global emissions standards are tightening. The 5.0-liter Coyote engine faces significant regulatory hurdles in markets like Europe and Australia. Consequently, the celebrated V8 may disappear from showrooms significantly earlier than the traditional manual gearbox.

A Telling Omission

The engine's precarious future became apparent during a recent interview between Australian publication Drive and Ford CEO Jim Farley. Drive explicitly asked Farley if the automaker would keep the Mustang equipped with a V8 in its current form alive for as long as possible. Rather than guaranteeing the eight-cylinder engine's survival, Farley said, "Out of our cold, dead hands will we not have… a manual Mustang," sidestepping the publication's question about the V8.

Not exactly a direct confirmation, but Farley may have dropped a bombshell regarding the underlying powertrain strategy. While Ford continues investing in models like the Dark Horse, engineers are reportedly developing hybrid alternatives to meet future standards. Industry analysts even anticipate an electric Mustang sedan will eventually join the broader lineup to offset fleet emissions.

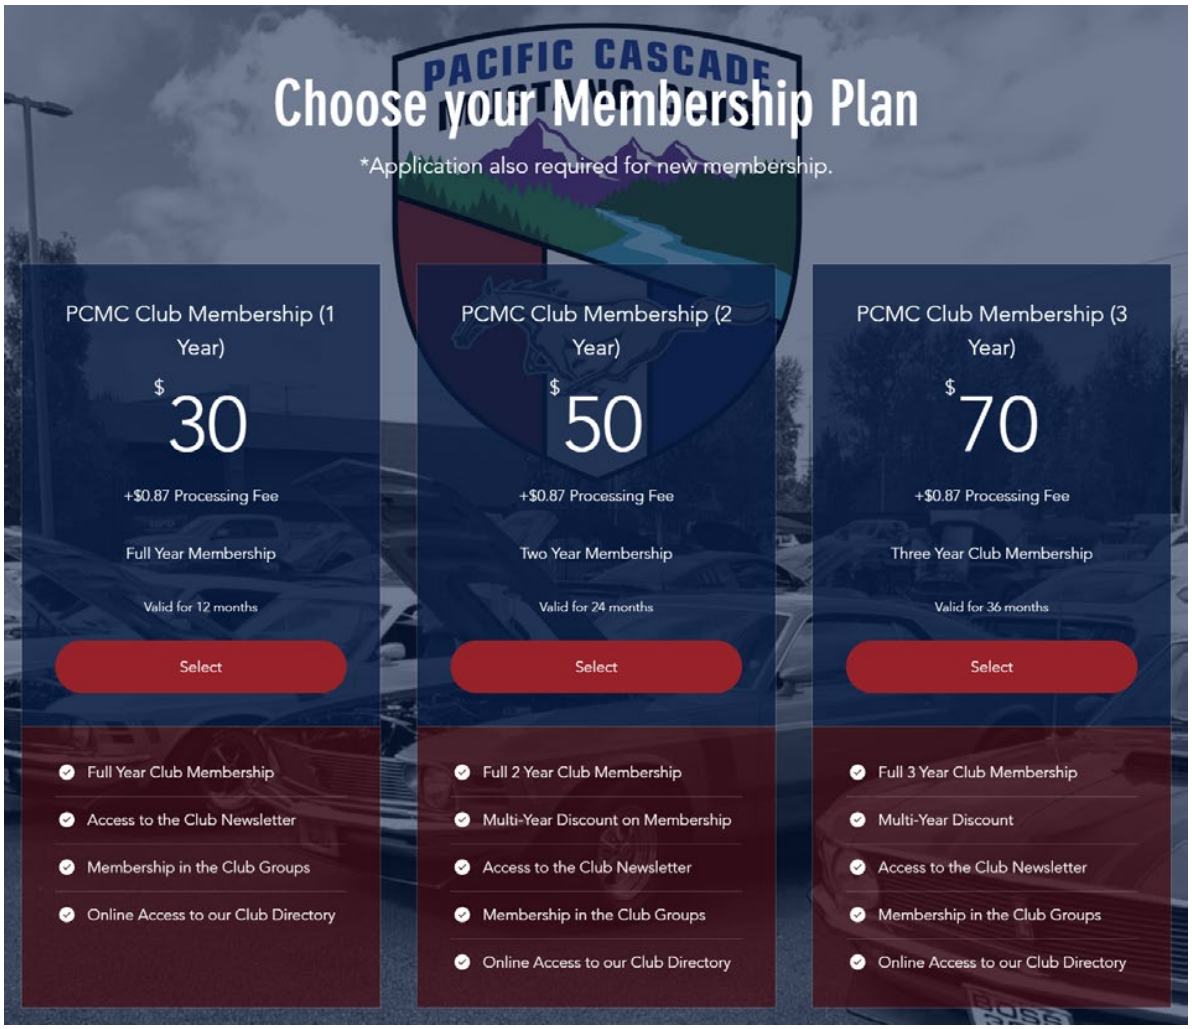

This strategic downsizing aligns with the brand's broader corporate history. Ford has routinely adapted its most profitable and popular vehicles to meet strict efficiency targets. The company previously dropped the V8 from its high-end F-150 trims in favor of turbocharged V6 engines, setting a clear precedent for how it manages emission compliance in flagship models.

Half a Victory

Preserving the manual gearbox is a commendable commitment to driving enthusiasts, but an EcoBoost four-cylinder paired with a stick shift is a compromised experience. The Mustang's identity relies heavily on the distinct sound and linear power delivery of a naturally aspirated V8. Removing that core mechanical component risks reducing a storied muscle car into just another conventional sports coupe.

The automotive landscape is undergoing a permanent transformation. While Farley's dedication to the three-pedal setup provides some comfort to purists, the harsh realities of environmental legislation dictate a different future for the powertrain. Consumers prioritizing traditional American performance should secure a V8 now, as the window for accessible eight-cylinder engines is rapidly closing.

About Pacific Cascade Mustang Club

Based in Kent, Washington, Pacific Cascade Mustang Club is the only original Mustang club in the Puget Sound area, and the oldest Mustang club in the nation, established in September 1964. We are a group of Mustang and Ford enthusiasts who are dedicated to the enjoyment and preservation of Mustangs young, old and in between.

Membership Meetings

Meetings are held the first Friday of every month at 7:00pm at Bowen Scarff Ford in Kent (1157 Central Avenue North).

Community Support

Pacific Cascade Mustang Club has donated well over $100,000 over the years to support local charities through our activities, events and annual car show and Christmas charity auction. We have supported Pediatric Interim Care Center in Kent, Maple Valley Food Bank, Kent Firefighters Toys for Joy Drive, and the Ford ASSET scholarship program at Renton Technical College, among others.

Annual Car Show

PCMC hosts our annual All Ford Show and Mustang Roundup presented by Bowen Scarff Ford on the third Sunday in August. The show is open to all Ford, Lincoln and Mercury-powered vehicles.

Tours and Events

PCMC takes part in numerous events including garage tours, recreational outings, car show caravans, tech sessions and a monthly dinner night out. Dinner night out takes place on the 13th of every month. If the 13th falls on a weekend, we try to organize a local trip or tour for the day.

Tech Sessions

The club hosts various tech sessions for members to learn more about restoring, repairing and maintaining their Mustangs. Tech sessions are typically held on an as-needed basis and have included topics like cleaning and detailing, front-end suspension, electrical, wiring, brakes and differentials.

Membership Requirements

- Attend 2 functions, one of which must be a membership meeting.
- Be a currently licensed driver with valid insurance.
- Own, drive, or be an enthusiast of Mustangs or Ford-powered vehicles and have a desire to enjoy companionship with other Mustang and Ford enthusiasts.
- Pay club dues. Plans range from $30 for 1 year, $50 for 2 years, and $70 for 3 years.
